## 1000 Local Volunteers to Ring Doorbells for 'Citizens of Hope'

More than 1000 Torrance "Citizens of Hope" will ring doorbells for the City of Hope Sunday, June 5 according to Sam Levy local chairman.

Goal for the one-day door-to-door drive throughout Southern California is \$1,000,000. Funds raised will be used to help alleviate a \$500,000 operating deficit and assure continuance of the City of Hope's fight against catastrophic diseases through free patient care, research and medical education.

**PATIENT** pays at the City of Hope, no matter how extended the stay or how complex the course of care, Levy said.

"This is directly due to the generosity of the people," he emphasized, and has been ever since 1913 when two tents were pitched on a barren desert by a small band of philanthropists who founded the City of Hope for the purpose of free treatment for the desperately ill."

WHAT WAS originally a humble tuberculosis sanatorium has emerged as a renowned pilot medical center waging

a forward attack on cancer, leukemia, blood, chest and operable heart diseases, he said.

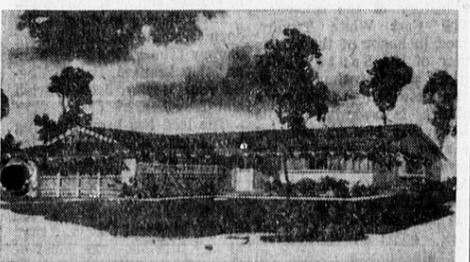

The City of Hope has become a symbol of democratic humanitarianism at work, Levy declared. He urged all citizens to "welcome your neighbor" when the Hope Sunday volunteer calls on June 5, and to "give from your heart."
